Save Habitat And Diversity Of Wetlands

Community Classes

Taught by the community, for the community. SHADOW's Community Classes are one-day naturalist programs that range in topics that address environmental conservation and stewardship. Featuring lectures, workshops, walkabouts, and community-events, these classes are open to anyone interested in learning more about our natural world and ways that we all can make a difference.

P.S. Got an idea for a class to teach at SHADOW? Contact us to learn more and request a Community Class proposal today!

From Mud Puddles to Rain Gardens: How small acts generate big results

Wednesday, March 9, 6:30 pm-8:30 pm

City of Enumclaw Stormwater specialist and SHADOW board member Dianne Dochow will demystify stormwater management in this exciting workshop: what it is, how it affects us, and what we can do to ensure healthy rivers and communities.

Suggested donation: \$5

Gardening with Wildlife

Saturday, May 7, 11:00 am-1:00 pm

Founder of the Highline Botanical Garden and award-winning gardener (and columnist), Stephen Lamphear will cover the basics of gardening with - and for - wildlife. Learn how to live with, attract, and promote wildlife in garden setting; why NOT to fear local wildlife; why bugs and spiders are good; and alternatives to herbicides and pesticides.

Suggested donation: \$5

For Adults

Woodland Resources: How your woodlands can save you money!

Saturday, March 26, 10:00 am-12:00 pm

Join Stewardship Forester and SHADOW board member Kristi McClelland for an interactive workshop as you learn how your woodlands can save you money!

Suggested donation: \$5

For Families

World Water Day Workshop

Tuesday, March 22, 4:00 pm-6:00 pm

Can you imagine a world without water? Over 700 million people in the world today live without access to clean water. Join us in observing World Water Day 2016 with hands-on activities exploring this precious resource and the role our wetlands play in keeping our water clean.

Recommended for ages 4-14

Suggested donation: \$5/person or \$8/family

Save the Frogs Day Eco-Fest

Saturday, April 30, 10:00 am-3:00 pm

Come celebrate frogs and learn how you can help protect them! We'll have plenty of fun and engaging activities for families throughout the day, including frog science, eco-friendly art and crafts, bog tours, and an opportunity to observe frog data collection in the pond.

Recommended for ages 4-14

Suggested donation: \$5/person or \$8/family

What's in a Habitat?

Friday, May 13, 4:00 pm-6:00 pm

All animal species need a habitat. Learn which animals live in the bog, find out more about what makes a healthy habitat, and make your very own model of an animal habitat to take home!

Recommended for ages 4-14

\$10/person

Amphibians of Western Washington Part 2: Looking for Frog Eggs

Friday, March 18, 5:30 pm - 8:00 pm

This class was so popular, we're bringing it back! Join WDFW Biologist, Chris Anderson, as we learn to identify local amphibians and even search for tadpoles in this all-ages workshop.

Recommended for ages 10 and up

Suggested donation: \$5/person or \$8/family

Steamboat Studio and SHADOW Lake Nature Preserve

SHADOW is pleased to announce a series of collaborative classes with local education outfit, Steamboat Studio! Steamboat Studio offers unique opportunities for students to engage in hands-on learning and exploration of art, science, engineering, and culture in a fun, positive environment. Locally owned and operated by Kathy Gendreau, Steamboat Studio offers a variety of courses through Lake Wilderness Lodge and now SHADOW Lake Nature Preserve. All Steamboat Studio instructors draw on their diverse backgrounds in art, science, and/or engineering to develop classes that will bring out the artist, inventor, and innovator in you! To learn more, please visit: www.steamboatstudio.org

Field Trips at SHADOW Lake Nature Preserve!

Explore our 5,000 year-old peat bog, play in our upland forests, search for animal tracks, conduct habitat surveys, create your own field guide, discover wild plants, learn about water quality, volunteer on a restoration project, or perform hands-on science in the field! Nearly 1,000 local students and their families visit SHADOW on field trips every year, including all of Tahoma School District's 4th grade classes. To learn more about field trips at SHADOW, or to book your own adventure, please contact us at info@shadowhabitat.org.
